SUMMARY

Computer Science Engineering graduate and aspiring Full-Stack Web Developer with hands-on experience in building scalable web applications using modern technologies including JavaScript, MongoDB, Firebase, Django, and PHP. Skilled in backend development, database management, RESTful integrations, and responsive UI design. Passionate about problem-solving, developing real-world software solutions, and continuously learning emerging technologies in web development. Seeking an entry-level software development role to contribute technical skills and grow in a fast-paced development environment.

EDUCATION

Chandigarh Group of Colleges, Landran, Mohali
B.Tech in Computer Science Engineering (2022-2026)
GPA: 7.6/10
Relevant Coursework: Data Structures, DBMS, Web Technologies, Operating Systems, Computer Networks

Kendriya Vidyalaya, Mohali
Higher Secondary Education 2021 – 2022

Guru Nanak Foundation Public School, Chappar Chiri, Mohali
Matriculation 2019 – 2020

INTERNSHIPS & EXPERIENCE

Full Stack Development Intern | A2IT InterEdge
Jan 2026 – Jun 2026
- Completed professional training in MERN Stack development.

Executive Trainee | Registrar Office, CGC University
Oct 2025 – Jan 2026
- Supported student records, academic scheduling and administrative operations.
- Assisted with data verification, documentation and interdepartmental coordination.

Python Programming Intern | A2IT Online
Jun 2024 – Jul 2024
- Developed Python scripts for data handling and automation tasks.
- Practised core programming concepts, functions and OOP.

PROJECTS

School ERP System
Developed a full-stack School ERP System with multiple database and cloud integrations for managing student records, attendance, timetables, fee details, and administrative operations through a centralized dashboard.
Integrated services like Firebase and ImgBB for real-time data handling and image storage.
Tech: HTML, CSS, JavaScript, Firebase, ImgBB

University Examination Scheduler
Developed a full-stack University Examination Scheduler with MongoDB database integration for efficient and clash-free exam scheduling, subject allocation, and admin panel management.
Tech: HTML, CSS, JavaScript, MongoDB

Laboratory Information System (LIS)
Built a Laboratory Information System for managing patient records, test details, and report handling with a responsive and user-friendly interface.
Tech: HTML, CSS, JavaScript

SKILLS

Languages: JavaScript , Python , C++ , SQL

Frontend : HTML , CSS , JavaScript , React.js

Web: HTML, CSS, React (Basics)

Backend : Node.js , Express.js

Tools: Git, Github, VS Code , Postman

Database : MongoDB , SQL , Firebase

CERTIFICATIONS & ACHIEVEMENTS

JavaScript (Advanced) - Meta (Coursera)	React Development - Meta (Coursera)
Python Programming Certification - A2IT Online	HTML Certification - IIT Bombay
